

MEN RESUMING THEIR PLACES

Under Protection of U. S. Troops and State Guardmen

BUT STRIKE LEADERS PROFESS CONFIDENCE

Gen. Wood Says Most of Trouble at Gary Was Fomented By Radicals

Chicago, Oct. 8.—Federal soldiers and Indiana state militiamen, preserving order at points where violence had threatened, have improved the industrial situation in the Chicago steel district, according to mill operators to-day. They asserted that under protection of the military many additional employees returned to work yesterday and that more were expected back to-day. Strike leaders expressed themselves as satisfied with conditions and maintained that the workers ultimately would be victorious.

At Gary, Ind., which is under control of 1600 men of the 4th and 6th divisions commanded by Major General Leonard Wood, three alleged radicals yesterday were arrested, questioned and released and inflammatory literature and firearms were seized. General Wood, who returned to Chicago, issued a statement saying most of the trouble at Gary was fomented by radicals.

Martial law at Indiana Harbor and East Chicago, Ind., maintained perfect order.

Nineteen "blind pigs" at Indiana Harbor and East Chicago were closed after federal operatives notified Adjutant General Smith they were selling liquor to strikers.

Among the places raided at Gary was a socialist headquarters. A big red flag was found. The raids produced more than a ton of radical literature, according to officers. It was confiscated.

Intelligence men reported they found pictures of Lenin and Trotsky, bolshevik literature and several pistols in the home of Paul Glaser, attorney for the strikers at Gary.

THE PITTSBURGH SITUATION.

Re-opened Steel Companies Were Still Operating To-day.

Pittsburgh, Oct. 8.—The strike situation here is deadlocked. Steel companies say that the plants which reopened Monday are still operating and that many men are reporting at the mills daily for old positions. Union leaders maintain that the strikers are holding firm.

"Too Many Sweethearts," Barre Opera House, Thursday, Oct. 9.

TAKE ASPIRIN AS TOLD BY "BAYER"

"Bayer" Introduced Aspirin to the Physicians Over 18 Years Ago.

To get quick relief, follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross." The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoc-aceticacidester of Salicylicacid.—Adv.

AMUSEMENT NOTES

"Too Many Sweethearts" Barre Opera House Oct. 9.

At the Barre opera house Thursday evening, Oct. 9, "Too Many Sweethearts" will be the attraction. A press notice of the show says:

"Too Many Sweethearts," presented in the Academy of Music last night by H. Bart McHugh, is a variety offering with a dozen or more pretty girls who can sing and dance, and numerous specialty numbers that serve as good laughing turns. Guy Rarick is a clever comedian with plenty of puns and jokes that cause a continuous uproar. The "Harmony Four" and the three graceful "Dancing Bugs"—the Misses Bradley, McHugh and Sington—brought encore after encore, and the entire company, numbering 25, had singing and dancing numbers which made a lively show. No attempt is made at a plot. The first part is divided into sections, each introduced by a rhymed prologue, and each introducing its respective aggregation. In his monologues, Rarick, an eccentric comedian, is profuse of fun. Regina Bradley's "Mississippi" is a vocal hit. The second part is given a musical setting, with Rarick as inter-locutor and Clarence Marks and Jack McShane on the ends.—adv.

"My Honolulu Girl" Monday, Oct. 13.

"My Honolulu Girl," the brightest and newest of all musical shows, will be the attraction at the Barre opera house Monday, Oct. 13. Elaborate scenery, bewitching costumes, beautifully staged numbers and harmonious ensembles are only a few of the many features of this charming show. In the company are 35 people and each and every one has been selected for his or her fitness, consequently, Norman Freidenwald, the producer, is presenting a galaxy of stars. The artists are sufficient guarantee that the show will break the house record for attendance in Barre. The Hawaiian atmosphere which runs through the pro-

TROOPS ARE BEING RELIEVED

Several Companies Ordered Home After Long Service in Boston

OVER HALF OF QUOTA OF POLICE SECURED

They Will Be Added to the Regular Force at Rate of 30 a Day

Boston, Oct. 8.—More than one-half the men required to fill the vacancies in the police department caused by the strike of union patrolmen here have passed the civil service requirements, it was announced to-day. Among those certified were many former service men. Some of these have been sworn in and are now on the streets in civilian clothes learning their new duties. Police officials expect to receive about 30 of the new recruits daily.

Several companies of the 20th regiment, from western Massachusetts and the Newton constabulary, units of the state guard, which include about 800 men, were relieved of further patrol duty here to-day and ordered to their homes. Enough of the new patrolmen will be on duty within 10 days to permit the release of several additional companies, it was announced to-day.

duetion like a babbling brook, is accentuated by the presentation of real live Hawaiian musicians, singers and dancers. All this helps to add to the novelty of the bill. These natives offer two sensational dancing numbers called "Tom-Tom" and the Beach Walkiki, together with the original Hula dance, which, danced Hawaiian style, is not objectionable, but a thing of grace, poetry of motion and novel in the extreme.—adv.

Barre OPERA HOUSE Monday, Oct. 13

Tickets at Box Office Friday, Oct. 10, and daily 2 to 5 and 6:30 to 9:30. Prices, 50c, 75c, \$1.00, \$1.50.

VERMONT CHILDREN'S SOCIETY FIELD WORKER

Miss L. Josephine Webster Will Commence Her Duties Early in November—She Comes with Good Recommendation.

Vermont is to have a new social worker, who will begin her work of child helping early in November. The new field worker is Miss L. Josephine Webster, who has accepted the position of general secretary of the Vermont Children's Aid society, Inc. Vermont is fortunate in securing the services of such an able and experienced child welfare worker. The Russell Sage Foundation, for which Miss Webster has recently been doing special work, was very anxious to retain her services permanently. Miss Webster chose to come to Vermont because of family connections and a lifelong interest in the social problems of the state.

A brief statement of Miss Webster's career will indicate her special qualifications for social work in rural communities. She is a graduate of Smith college, New York State Normal college, and Chicago School of Civics and Philanthropy. Three years were spent as teacher in the Hindman Settlement school—a high school for the mountain whites of Kentucky. Then came service as emergency Red Cross worker during the disastrous Ohio floods. Her most important work was the organization of child helping and family case work in Dutchess county, N. Y. She resigned her position as superintendent of Dutchess county board of child welfare to go overseas for service in France, but was not sent across. When the armistice changed conditions, she turned to graduate study at Columbia university, meanwhile assisting the New York State Charities Aid association. Miss H. Ida Curry, superintendent of this association, recommended Miss Webster most highly for the Vermont position, saying: "I do not know of anyone who would do so well. Her experience would be particularly helpful in work in rural communities."

As soon as Miss Webster can complete the important study she is making in Washington, D. C., for the Sage Foundation, she will take a short vacation and then come to Vermont. She is eager to get work well under way before very cold weather comes.

The society plans to supplement Miss Webster's efforts through an extensive corps of volunteer workers with a chairman for each county and local representatives in every town. The president of the society, Prof. A. R. Gifford of Burlington, is already in receipt of communications from Red Cross workers and others who are ready to take up this phase of the work. He would be glad to hear from anyone who is competent and able to give a little time as "big brother" or "big sister" to some of Vermont's neglected and forlorn little ones.

Pledges slightly above \$5,000 guarantee the expenses of the first year. Adequate work, however, will require an additional \$10,000 at least, and plans are now shaping for a canvass to secure this amount. The finance committee comprises Charles Tuxbury of Windsor, March M. Wilson of Randolph, and Guy W. Bailey, acting president of the University of Vermont, who is also the society's treasurer. Anyone may become a member by sending \$1 to Mr. Bailey. There are also \$5 and \$10 memberships. It is hoped that many will supplement these modest fees with generous subscriptions.

Annual Meeting.
The annual meeting of the Vermont Children's Aid society will be held in Fairbanks museum, St. Johnsbury, at 2 o'clock Thursday, Oct. 9. At this meeting plans of the finance committee for securing funds will be announced and discussed. There will also be consideration of various matters incident to inaugurating Miss Webster's work. The headquarters of the society are in the University of Vermont medical college building at Burlington. For the present all correspondence should be directed to Prof. A. R. Gifford, University of Vermont, Burlington.

"OPEN WINDOW" SCHOOLS.

Advocated for Vermont by State Tuberculosis Association.

The program of the Vermont Tuberculosis association for 1920 is far more ambitious than any former one. Thomas Magner, president of the association, stated that the association felt it was its duty to tell the people of Vermont just what the association felt should be done, to estimate the cost of doing it and leave it to the people to decide by their contribution how much of the work would be done.

It is proposed to place a public health field nurse in each of the ten health districts, to open and equip a number of health stations and secure part time of a tuberculosis expert to consult with physicians on diagnosis. The report says there are probably three hundred sufferers from tuberculosis in each of the ten districts, in some, of course, more than others. Of these three hundred, less than one-third, are at present under any proper supervision. It is from these other two-thirds that tuberculosis is largely spread to the succeeding generation. It is the task of the nurse and health stations to discover these and place them under supervision.

The benefit of the preventorium treatment has convinced the association of the importance of open-window school rooms. To schools that will furnish the room, the association will supply a cook, dishes, food, coats, extra clothes and so forth. The children will go to school in a room with open windows, they will be properly clothed and will receive two warm lunches and a dinner at school. After dinner all rest for one hour. Their homes will be visited to secure the co-operation of the parents, so that they will receive practically the preventorium care at home. The association wants to open three of these rooms for approximately 15 pupils each.

To do all the work outlined will cost \$40,000 and this sum will be asked for during the Red Cross Christmas seal campaign beginning Dec. 1. If the quota is reached three-fifths of the money raised will be used exclusively in the district where it is given. The other two-fifths will be used to support the preventorium, modern health crusade and executive expenses.

Hindsight.

"Oh, just to convince her that he is a success, I suppose."—Boston Transcript.

SORE THROAT

Colds, Coughs, Croup and Catarrh Often Relieved in Two Minutes.

Is your throat sore?
Breathe Hyomel!
Have you catarrh?
Breathe Hyomel!
Have you a cough?
Breathe Hyomel!
Have you a cold?
Breathe Hyomel!

Hyomel is the one treatment for nose, throat and lung troubles. It does not contain cocaine, morphine or other dangerous drug and does away with stomach dosing. Just breathe it through the little pocket inhaler that comes with each outfit.
A complete outfit costs but little at the Red Cross Pharmacy or any reliable druggist and Hyomel is guaranteed to banish catarrh, croup, coughs, colds, sore throat and bronchitis or money back. A Hyomel inhaler lasts a lifetime and extra bottles of Hyomel can be obtained from druggists for a few cents.—Adv.

MANY EXECUTIONS BY BOLSHVEIKI

Because of Surrender of the Town of Gramina Gorka by Bolshevist Troops—Petrograd Is Sadly in Need of Coal.

Washington, D. C., Oct. 8.—State department advices to-day said 200 persons had been executed by the bolsheviki as a result of the action of the bolsheviki extraordinary commission at Moscow investigating the surrender of the town of Gramina Gorka by the bolshevist troops. The fuel scarcity in Petrograd is acute and a month's complete industrial shutdown may be ordered.

Another Census Supervisor in Mass.
Washington, D. C., Oct. 8.—Leo M. Harlow of North Easton, Mass., has been appointed supervisor of census for the seventh district of Massachusetts.

BOY TRIED SUICIDE.

When His Parents Scolded Him for Being Out Late.

Burlington, Oct. 8.—George Irish, 14-year-old son of Mr. and Mrs. George S. Irish, incensed at his parents' because they would not let him out nights and because they refused to allow him to keep company with a girl of his choice, went to his room on the first floor of the Irish home, 67 George street, at 12:40 yesterday afternoon and shot himself over the right eye in an unsuccessful attempt to commit suicide.

As a result of his plan he is now in the hands of the police and it is unknown at this time what charge will be placed against him, but the parents claim that they are frightened of the boy, who has several times threatened to kill them.

According to the story told by the mother of the boy, the parents have had considerable trouble with him for a long time as he is large for his age and although only a student at the junior high school, he is insistent that he be allowed to go out nights and keep company with a girl, who is much older than her son.

The police arrived on the scene almost as soon as the doctor and they took the boy in custody and brought him to the police station, where he told the following story of the shooting:

When seen at the police station after the shooting, Young Irish appeared to be very nervous. He said that he was sorry he hadn't made a good job of it. According to his story, his parents objected to his going with a girl in the city named Eureka Lovely, and in fact objected to his going anywhere with anybody.

Yesterday noon on his return from the junior high school they both scolded him and he became so despondent over the affair that he decided to shoot himself. He, therefore, went upstairs and got a revolver of his father's. "If you come

DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Bloating, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without gripping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little, too.—Adv.

another step toward me I will shoot myself," said Irish. His father advanced and the boy, putting the gun to his forehead, pulled the trigger.
"I wasn't unconscious, but I wish I had been and could have stayed that way all ways," he added.

WHITNEY WARREN OFFERS SELF

To Captain D'Annunzio, Having Arrived in Fiume from Paris.

Fiume, Tuesday, Oct. 7 (By the Associated Press).—Whitney Warren, a prominent American architect, has arrived here from Paris and will offer his services to Captain Gabriele d'Annunzio.

Overheard.

Too Ill to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."
—Mrs. TIMOTHY GRANEY, 426 Connor Ave., Joplin, Mo.

And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."
—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

Thousands of such Letters Prove the Curative Value of

Lydia E. Pinkham's Vegetable Compound

Polarine

"Like a Humming Bird?"

"Yes, she does run pretty quietly."
"Why? Well you see I'm very particular about keeping her engine correctly oiled. That has a lot to do with keeping motors quiet, smooth-running and powerful."
"Sure. There's never been a drop of anything but Polarine in her oil reservoir since your father bought the car."
"Yes, Polarine keeps her timing system running right and her cylinders, shaft bear-

ings and all the other parts from wearing loose and shaking her all out of whack. Just as good in winter as in summer."

Polarine retains its body and lubricating qualities at all cylinder heats. Suits all types of engines. Saves wear and tear and expense. Buy Polarine where you buy power-full SoCony Motor Gasoline—where you see the red, white and blue SoCony Sign.
